

DRAFTSIGHT CREATOR

3DEXPERIENCE® ROLE

ACCELERATE DESIGN AND FOSTER COLLABORATION WITH A POWERFUL BROWSER-BASED SOLUTION

Accelerate design and innovation with 2D drafting while enabling secure collaboration.

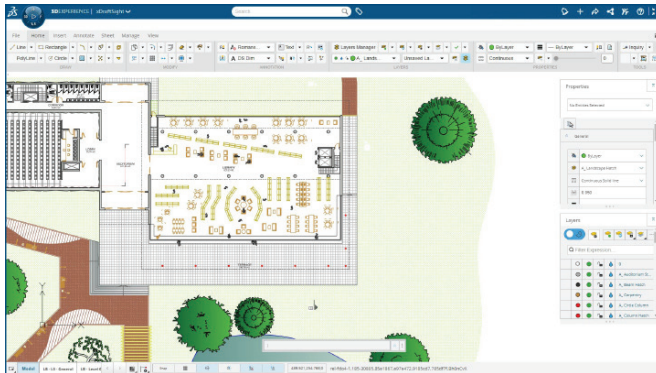

OVERVIEW

Built on the cloud-based 3DEXPERIENCE® platform, DraftSight Creator is a browser-based solution that enables you to create, edit, and mark up 2D DWG design files. DraftSight Creator provides a streamlined 2D drafting experience for architects, engineers, and construction service providers, as well as professional CAD users, designers, makers, manufacturers, educators, and hobbyists. DraftSight Creator on the 3DEXPERIENCE platform gives you powerful design capabilities and data management with secure collaboration—enabling 2D drafting anytime, anywhere, on any device—in the office or on the go.

KEY CAPABILITIES

- Create and edit 2D DWG drawings within a web browser.
- Use familiar workflows to complete tasks within a modern UI.
- Mark up and share DWGs in real time with anyone, anywhere, anytime on any device.
- Reuse existing design data, such as blocks and templates, to accelerate drawing creation.

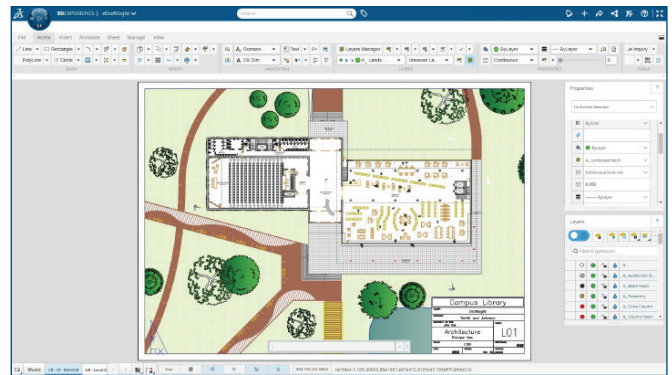

Quickly and intuitively interrogate, mark up, and edit 2D DWGs.

CAPABILITIES OF THE 3DEXPERIENCE PLATFORM

With its growing solution portfolio and secure cloud technology, the **3DEXPERIENCE** platform enables you to manage all facets of your product development process while reducing infrastructure costs, IT overhead, software maintenance, and complexity. All **3DEXPERIENCE** solutions work together seamlessly, simplifying data management, sharing, and collaboration across your entire business ecosystem. DraftSight Creator enables you to take advantage of the platform's multiple capabilities:

- Drive innovation by leveraging seamless collaboration in the cloud, accessible from anywhere with an internet connection, keeping all stakeholders up-to-date at every stage in the process.
- Store all your design data in a centralized, secure location in the cloud.
- Manage the life cycle of any type of content—such as 2D files, PDFs, or other outputs.
- Streamline data management with built-in revision control and branching.
- View, share, annotate, discuss, and manage designs from any device with a web browser.

Reduce rework and communicate requirements by sharing 2D drawings with all stakeholders.

Dassault Systèmes is a catalyst for human progress. Since 1981, the company has pioneered virtual worlds to improve real life for consumers, patients and citizens.

With Dassault Systèmes' **3DEXPERIENCE** platform, 370 000 customers of all sizes, in all industries, can collaborate, imagine and create sustainable innovations that drive meaningful impact.
