

# COLLABORATIVE DESIGNER FOR DRAFTSIGHT

## CONNECT YOUR TEAMS, DATA, AND PROCESSES ALL IN ONE PLACE IN THE CLOUD

Accelerate product development by enabling real-time collaboration on drawings and leveraging the expertise of your entire business ecosystem.

### OVERVIEW

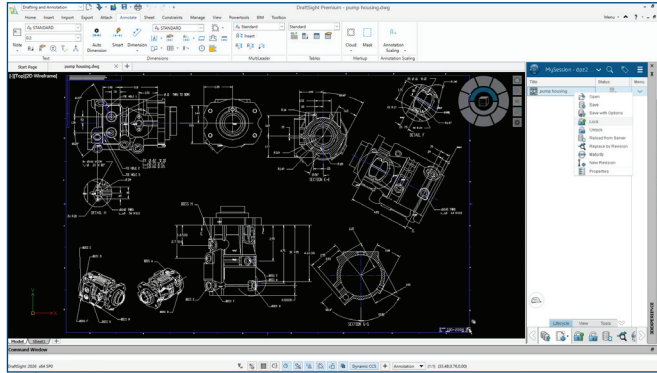

Collaborative Designer for DraftSight allows millions of DraftSight users to enjoy the cloud-based 3DEXPERIENCE® platform by connecting DraftSight to the platform. It lets you combine DraftSight's robust 2D drafting tools with intuitive collaboration and data and product lifecycle management all in the cloud.

## KEY CAPABILITIES

**Integrated:** Access the 3DEXPERIENCE platform directly from your DraftSight window.

- Enjoy the same interface without switching applications.
- Open and save files directly to the platform.

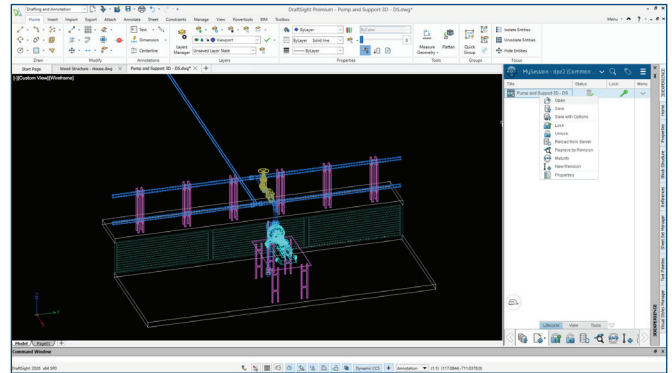

Access and review DWG files from anywhere to accelerate team collaboration.

**Centralized:** Store and manage all design data in one secure cloud location.

- Store all your design data in a centralized, secure location in the cloud.
- Manage the life cycle of any type of content, such as 2D drawings, 3D design files, simulation models, and documentation, across disciplines and CAD applications.
- Organize 2D drawings in structured bookmarks.

**Controlled:** Manage permissions and revisions with built-in security and branching.

- Streamline data management with built-in revision control and branching.
- Manage the access to 2D drawings securely and control the access dynamically.

Manage the life cycle of 2D drawings and documentation in a central secure place in the cloud.

**Collaborative:** Share, discuss, and visualize designs from any device in real time.

- View, share, annotate, discuss, visualize, and manage designs from any device with a web browser.
- Create dashboards for personalized views into information from all sources and set alerts for data feeds.
