

## DRAFTSIGHT® System Requirements

Use this information to ensure you are always working with a DraftSight supported and optimized system.

|                                   |   | DRAFTSIGHT 2020  |  |
|-----------------------------------|---|--|--|
| Windows® Operating Systems        |   | SUPPORTS<br>(Available for Standard, Professional, Premium, Enterprise & Enterprise Plus versions) |  |
| Windows® 7 Service Pack 1, 32-bit |   | ✓  |  |
| Windows® 7 Service Pack 1, 64 bit |   | ✓  |  |
| Windows® 8.1, 64-bit              |   | ✓  |  |
| Windows®10, 64bit                 |   | ✓  |  |
| <b>HARDWARE</b>                   |   |  |  |
|                                   | <b>MINIMUM</b>  | <b>RECOMMENDED</b>   |  |
| RAM                               | 2 GB  | 8 GB   |  |
| Disk Space                        | 500 MB free hard disk space depending on accessory applications installed   | 1 GB free hard disk space depending on accessory applications installed                            |  |
| Processor                         | Intel® Core™ 2 Duo, or AMD® Athlon™ X2 Dual-Core processor  | Intel® Core™ i5 processor, AMD® Athlon/Phenon™ X4 processor, or better                             |  |
| Display                           | Display with 1280 x 768 pixels resolution   | Full HD monitor  |  |
| Video Card                        | 3D Graphics accelerator card with OpenGL version 1.4  | 3D Graphics accelerator card with OpenGL version 3.2, or better                                    |  |
| Mouse                             | Mouse   | Wheel Mouse, or 3D mouse   |  |
| Internet                          | An Internet connection for installation from download and for activation (optional).<br><br>Product activation requires a network interface card. |  |  |

| Mac OS                    | SUPPORTS<br>(Available for Standard, Professional, and Premium versions)  |   |
|---------------------------|---|---|
| Mac® v10.13 (High Sierra) |   |   |
| Mac® v10.14 (Mojave)      | ✓   |   |
| Mac® v10.15 (Catalina)    | ✓   |   |
| <b>HARDWARE</b>           |   |   |
|                           | MINIMUM   | RECOMMENDED   |
| RAM                       | 2 GB  | 8 GB or more  |
| Disk Space                | 500 MB of available hard-disk space for installation  |   |
| Processor                 | Mac® with Intel® Core™ 2 Duo processor, or better   |   |
| Display                   | Display with 1280 x 768 pixels resolution, or better  |   |
| Video Card                | 3D Graphics accelerator card with OpenGL version 1.4  | 3D Graphics accelerator card with OpenGL version 3.2, or better |
| Mouse                     | Mouse   |   |
| Internet                  | An Internet connection for installation from download and for activation (optional) Product activation requires a network interface card. |   |

### Network License Manager Compatibility

For DraftSight 2020 Enterprise and Enterprise Plus (not available for Mac OS)

| SolidNetwork License Manager | SUPPORTS (SNL) |
|------------------------------|----------------|
| SNL 2019                     | ✗              |
| SNL 2020*                    | ✓              |

| Dassault Systemes License Server | SUPPORTS (DSLS) |
|----------------------------------|-----------------|
| DSLS R2017x                      | ✗               |

|                |   |
|----------------|---|
| DSLS R2018x ** | ✓ |
|----------------|---|

\* Windows 7 32-bit is not supported in SNL 2020

\*\* Supported O/S by DSLS R2018x for DraftSight 2020 Enterprise and Enterprise Plus:

- Windows® 7 SP1 64-bit x86 (not for failover)
- Windows® 8.1 64-bit x86 (not for failover)
- Windows® 10 64-bit x86 (not for failover)
- Windows® Server 2008 R2 SP1 64-bit x86
- Windows® Server 2012 R2 64-bit x86
- Windows® Server 2016 64-bit x86

A minimum of 2GB of RAM is required, 4GB of RAM is recommended for a standalone server, 8GB for failover.

**NOTE ON WINDOWS 7 AND 8.1 END OF LIFE:** As Microsoft plans the end of life of legacy operating systems, DraftSight is planning ahead as well. Therefore, DraftSight 2020 will be the last release supporting Windows 7 and Windows 8.1 (32 and 64 bit). Please upgrade your operating system if you plan to use DraftSight 2021 or future releases.
